Racquets Association

Membership Application

The Columbus Squash Racquets Association is devoted to growing the sport of squash in Central Ohio. It is the one and only organization that is committed to helping local players have quality facilities, educational programs, and playing events. Here's why you should join.

How does the Columbus Squash Racquets Association (CSRA) help the growth of squash? By working hard to promote the development of new courts in our district, by conducting the majority of our local tournaments, and by supporting the national and international efforts of our parent organization, the United States Squash Racquets Association (USSRA), in promoting and developing the game for all levels and ages of players.

What does the CSRA do for you? Here are some of your membership benefits:
